### How to Use Your Tranquil Tails™ Unit

- **Pads:**  
You can use the unit with either one or two pads. Using two pads is recommended for larger rooms or if you desire a stronger output.
- **Power:**  
The unit will operate, and light will illuminate, whenever connected to a power source.
- **Placement:** Position the unit in an area where your pet will be.
- **Heat Settings:** Use the sliding button on the side of the unit to adjust the heat:
  - **Low Heat:** Slide the button down.
  - **High Heat:** Slide the button up for stronger output.

### Pads and Maintenance

- **Installing and Removing Pads:**
  - Always unplug the unit before installing or removing pads.
  - To install, gently open the "wings" on the side of the unit to access the pad holders. Slide the pad in all the way until it is securely in place.
  - To remove, gently pry open the wings and slide the pad out.
  - Note: The wings do not detach; they only tilt open for easy access.
- **Pad Usage:**
  - Each pad is designed for a single session lasting 8-12 hours.
  - Once the pad's effectiveness has ended, dispose of it in your regular household trash.
